Deepika Ravichandiran

B.Tech Information Technology Student | Aspiring Software Developer

6384305908 | deepikaravichandiran09@gmail.com | github.com/Deeps-Ravi

PROFESSIONAL SUMMARY

Motivated 4th-year B.Tech Information Technology student with a foundation in front-end and software development. Experienced through internships in full-stack development and machine learning, with hands-on exposure to responsive web applications, datasets, basic ML concepts, coding, debugging, and application development. Strong interest in problem-solving, continuous learning, and building practical technology solutions.

EDUCATION

Annai Mira College of Engineering and Technology, Anna University
Bachelor of Technology (B.Tech) – Information Technology

4th Year | Pursuing
CGPA: 8.25 (Current)

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Infomatronics

- Gained practical exposure to web development concepts and application development.
- Worked with front-end and back-end technologies during the internship.
- Strengthened coding, debugging, and software development skills.

Machine Learning Intern — TopDecg Developers

- Learned fundamentals of Machine Learning and data-driven applications.
- Worked with basic ML concepts, datasets, and model implementation.
- Enhanced analytical and problem-solving abilities.

PROJECT

MGVS Real Estate Website

Developed and maintained a responsive real estate website providing property listings and business information. Focused on creating an intuitive user interface and improving user experience through modern front-end development practices.

Technologies: HTML5, CSS3, JavaScript, React.js

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, React.js

Tools: GitHub, Visual Studio Code

Programming: Java, Python (Basic)

Languages: English, Tamil

CORE STRENGTHS

Quick Learner • Problem Solving • Team Collaboration • Communication Skills • Adaptability • Time Management
